

2017 Leverett Move-Out Information

Sophomores and Juniors:

ALL Sophomores and Juniors MUST be moved out of your term time room on **Sunday, May 14th by 12 pm (noon). 12 o'clock is when your ID will shut off.** Your room no longer belongs to you and we MUST have keys back or you may be term billed. Under no circumstances can you simply keep your belongings in your current room over the course of the summer (even if you have the same exact room as next year). Many rooms in the Towers and McKinlock will be used during graduation and during the summer.

Read carefully through the following notices about rooms after move-out:

- IF YOU LIVE IN THE TOWERS -- and are not walking or graduating then your room is no longer your room. **At 1PM, a dorm crew worker will most likely be moving into your room.** We house certain groups in the Towers for short-term housing. The housing is not assigned by Leverett and is out of my control. We need the beds for housing.
- IF YOU LIVE IN MCKINLOCK -- and are not walking or graduating then your room is no longer your room. Staff or Dorm Crew will be in to trash your room and assess term damages.
- IF YOU LIVE IN DEWOLFE -- and are not walking or graduating then your room is no longer your room. Staff will be trashing all suites. Managers will be getting into rooms to develop maintenance lists, checking furniture and the room for damage, and assessing term billing when applicable.

NOTE: If you are an ATHLETE, do not expect to stay in your current room. More than likely you WILL be moved into a different dorm on campus.

NOTE: The ONLY people allowed to stay on campus after this date are those who are MIT test takers.

Seniors:

If you are a SENIOR who is graduating or walking on May 25th, you MUST be moved out of your term time room by 5 pm on Friday, May 26th. At this time, your room is no longer your room. Please begin to pack and move out items before this date so move-out day is not so crazy. I highly encourage you to start sooner rather than later.

Even though you are seniors, you will STILL be charged if you leave your room messy or have extra furniture. Make sure this does not happen to you by taking out all trash and returning furniture to its original location. ALL keys MUST be turned in or you may be term billed.
