**LEV INTERVIEW**

Bunnies! We are pretty confident that you always wanted to get to know our Leverett Community a little bit better. To facilitate this, we are embarking on a new project: we will invite various members of Leverett House to Lev Interviews. We need to urge you however, that the questions we are asking are really hard and difficult. Oftentimes, our interviewees refuse to answer, but we successfully manage to get their answer on the questions we ask.

Today, we are pleased to talk to Mrs. Bonnie Kimball.

**Bonnie! We have heard that you are friends with many internationally known figures such as singers and actors. Could you please tell me a little bit more about that?**

Well there has been MANY figures at Harvard over the years but there was only one that I got *this close* to, namely Mr. Lionel Richie, it was a very exciting invite that I got to meet with him, he is so cool, calm and shows a lot of affection to his fans, I was on a cloud!

**How long have you been working in Leverett House?**

I have been at Lev for 14 good years.

**You are undoubtedly the spirit of the house! Since you have been here for such a long time, what are some most memorable (funniest) stories that you recall from your work here?**

Well I thank you for the comment and I try and leave my personal problems outside of work so as when I enter the door I know you students will help me to bring a lot of happy energy at the desk which makes me smile. Funny stories? Well, I'll save them to tell off book.

**You meet all students from Leverett House and so you know everyone! How is working with students on a daily basis?**

Working with students on a daily basis is just like being a big family, I see the same faces everyday and I can tell when some are happy, worried, or sick. And when we chat I kinda like to think that they are satisfied with what I have to say, I can be serious as well as fun.

**What are the upsides of Leverett?**

The upsides of Lev are that we have a good team support to maintain with all we do for everybody, there is always someone willing to help at all times.

**Any downsides?**

The downside of Lev (for me anyway) is when I get close to students then they graduate, It makes me sad to see you all leave :(.

**Any day trips that you would recommend?**

A good day trip would be going to the mall, movies or even just sitting in Harvard Square watching all the activity going on around you. Now in the summer Old Orchard Beach in Maine would be the place to go :)

**Why should freshmen hope to get to Leverett?**

Oh without a doubt freshmen would love coming to Lev just as much as the many others that have come and gone, after all it's *the BEST HOUSE* :) :)
