Let Freshman Come Over...

Thu., Oct. 25-Sat., Oct. 27 - "The Rover," by Aphra Behn, directed by Patrick Demers, produced by Ami Vora '03 and Carrie Bierman '04, and executive produced by Alan Vora. "The Rover" is a racy restoration comedy, circa 1677, with all the classic elements - masks, mischief, and a whore with a heart of gold. Behn, who may have been a seventeenth century spy, is considered the first professional female playwright in England. Performances take place at the Agassiz Theatre, Radcliffe Yard, 10 Garden St., 8 p.m. all nights. Tickets are $5-$10 and are available at the Harvard Box Office (617) 496-2222.

The Effect of Gamma Rays on Man-in-the-Moon Marigolds
The Athena Theater Company, dedicated to promoting diversity in the Harvard theater community, invites you to join us in our kick-off production! Follow Tillie a caretaker of rabbits, a lover of atoms, and an indomitable spirit as she struggles to find a place for herself in a household haunted by the bitterness of her mother Beatrice and the insecurities of her older sister Ruth. Poignant, unsettling, and uplifting. Paul Zindel’s Pulitzer Prize-winning drama goes up in the Agassiz Theater on November 1, 2, and 3. Reception to follow black-tie opening night. Tickets are available now at the Harvard Box Office: $6 for students/seniors and $8 for adults. Proceeds to benefit a campus organization of the audiences’ choice. Check out http://athena.serverlint.com for more information.

**It’s Not Easy Being Green**
The Green Cup Committee is pleased to announce Pfoz-hemier as the winner of its energy conservation competition for September, with Leverett coming in third place. Pfoho will rewarded with a Ben and Jerry’s Ice Cream Study Break for making the greatest reduction in its use of water, electricity and heat compared to last year. Unfortunately, electricity use went up for ELEVEN houses! So keep this in mind next time you leave your computer on overnight: it takes a tree over one year to consume the amount of carbon dioxide emitted from powering your computer for less than one week. Studies have shown that turning your computer off when not in use for long periods of time will not damage your hardware and may even increase your computer’s lifetime! For more conservation tips or info about Green Cup, please contact wliu@fas or jhsu@fas.
